Frequently Asked Questions

I have got my API key. What's next?

Welcome to Alpha Vantage! Getting started is easy:

- Our [official API documentation](#) includes detailed information and examples of our full API offerings. The open-source community has also developed over 600 libraries and wrappers for Alpha Vantage - you may want to [give them a try](#).
- If you are a **spreadsheet user** (e.g., Excel or Google Sheets), please check out our dedicated [spreadsheet add-ons](#).
- Looking for inspirations? The [Alpha Academy](#) has essential educational content in quantitative investing, machine learning, web development, and much more, all curated and delivered to you by industry experts.
- Sign up for our industry-leading [Sunday Morning Markets newsletter](#) to stay up to date with important financial & economic news around the world! It arrives in your email inbox every Sunday - pure market insights, 100% free.

Are there usage/frequency limits for the API service?

We are pleased to provide free stock API service for our global community of users for up to **5 API requests per minute and 500 requests per day**. If you would like to target a larger API call volume, please visit [premium membership](#).

🎓 Academic access: if you are from a college or university and would like to use our data for academic purposes (e.g., research, teaching, hackathon / campus events, etc), please reach out to support@alphavantage.co for academic data access.

You support both raw and adjusted intraday/daily/weekly/monthly time series. What adjustment method are you using?

We use the adjustment methodology from the [Center for Research in Security Prices \(CRSP\)](#), an industry standard.

I have built a library/wrapper for Alpha Vantage with a specific programming language. May I open-source it on GitHub?

Certainly - we truly appreciate the help and support from the community to make Alpha Vantage even more accessible and developer-friendly. However, we ask that your language-specific library/wrapper preserves the content of our JSON/CSV responses in both success and error cases. We consider it a top priority that our users get the original debugging and troubleshooting information from Alpha Vantage.

I would like to improve an existing API or propose a new technical indicator / feature to Alpha Vantage. What should I do?

We are obsessed with delivering the best user experience with the highest technical expertise. Please share your feature requests with us at support@alphavantage.co.

Got more questions, thoughts, or comments?

Please reach out to support@alphavantage.co anytime and we will go from there!
